

Aerfast electric screw gun is developed for use with collated screws long tape. Main applications areas is drywall, subflooring, various types of boards

Technical Information

Artikelnummer	
Height	1040mm
Length	1155mm
Weight	27kg
For lengths	30-55mm
Magazine capacity	500st
Noise level	70dB
Type of fastener	Gipsskruv
Current	230 volt enfas
Actuation	Bitslängd 203mm

- Screw gun for industrial productions
- precise depth of drive
- Unique ability to keep the depth of drive exact regardless of different height of elements
- For use with long tape- Uproller for the waste tape = no scrap
